

Jazzable – the trio with saxophone, vibraphone und acoustic bass.

With its somewhat unconventional instrumentation, Jazzable is a delight for both ears and eyes! The hovering harmonies of Roland Neffe's vibraphone connect the solid foundation of Johannes Gunkel's warm double bass sound with the lush melodies of Oliver Saar's saxophones.

Jazzable's repertoire covers classical jazz tunes such as „Night And Day“, „Corcovado“, „The Girl From Ipanema“ to name only a few. Especially with our Vocalist Nathalie we're inclined to get more "groovy" - we call it our Jazzlounge repertoire

Since 1995 we've specialized in providing tasteful musical frameworks to extraordinary events. Since that time we have played more than 200 shows all over Germany.

Instrumentation:

Oliver Saar - alto- and baritone saxophone
Roland Neffe - vibraphone
Johannes Gunkel - acoustic bass

... also available as a quartet with vocals – Jazzable feat. Nathalie Claude

There are only two words for this ensemble: A Discovery.

The music of this quartet mirrors the inter-personal harmony of the musicians themselves, their virtuosity and their contagiously electrifying delight in performing ... for you!
